Suitable options

We provide credit assistance to you when we:

- suggest or assist you to apply for a particular credit contract with a particular credit provider; or
- suggest or assist you to apply for an increase to the credit limit of a particular credit contract with a particular credit provider; or
- suggest you remain in a particular credit contract with a particular credit provider.

We will make sure that any new or existing credit contracts we assist you with meet two main requirements:

1. meet your needs and objectives; and
2. that you are able to meet the financial obligations of the contract, without placing you in a position of financial hardship.

Credit contracts that meet these requirements are known as being 'not unsuitable'. If we cannot meet these requirements, we are unable to provide credit assistance.

We don't make any promises about the value of any property you finance with us or its future prospects. You should always rely on your own enquiries.

We don't provide legal or financial advice. It is important you understand your legal obligations under the loan or lease, and the financial consequences. If you have any doubts, you should obtain independent legal and financial advice before you enter any loan/lease contract.

Documents you may receive

A Credit Quote provides information about the fees you have agreed to pay for our services before a finance application is lodged. You may obtain information about how these fees and charges are calculated and a reasonable estimate of those fees. If there are no fees payable, a credit quote will not be provided, however you can request one.

A Credit Proposal Document sets out important information about the particular credit contract that you have selected or are interested in.

A Preliminary Assessment is used to determine the suitability of that product for you. When we make this preliminary assessment, we consider:

- your requirements and objectives – that is, what kind of loan do you want, and for what purpose;
- your financial and relevant personal situation; and
- your ability to repay the loan that you are considering.

In assessing these factors, we are also required to take reasonable steps to verify some of the information you provide us. This verification may include asking you for copies of documents that demonstrate your financial situation. In some cases, we may also need to sight original documents and contact third parties to assist in verifying the information that you provide.

If not already provided it to you, you may request a copy of our Preliminary Assessment, which we will give you within seven business days for any time during the first two years of completion of the assessment. If the assessment was between two years and seven years after it was conducted, we must provide it within twenty-one business days. There is no charge for requesting or receiving a copy of the Preliminary Assessment.

Before providing you with ongoing advice, we may prepare an Ongoing Advice Agreement. This will set out what our ongoing advice will cover and how much it will cost.

Your privacy and access to your information

As part of the credit process, we need to collect information about you and maintain a record of your personal information. We are also required under the Anti-Money Laundering and Counter- Terrorism Financing (AML-CTF) Act 2006 to implement client identification processes. We maintain a record of your personal information. You have the right to withhold personal information, but this may compromise the effectiveness of the advice you receive. If your personal information is incomplete or inaccurate, this could affect our ability to fully or properly analyse your

Advice fees

We are paid commissions by lenders for introducing customers. The lenders we deal with will usually pay us a commission based on:

- the size of loan; and
- the particular loan product you have selected

We will only be paid this commission if your loan is settled and drawn down.

We may also be paid an ongoing commission by your lender based on the outstanding balance of your loan. The commissions that we are paid by your lender are not payable by you – they are paid to us either directly by the lender, or paid to us by Connective. If you would like a detailed estimate of how much commission we would be paid by a particular lender for a particular product, we will provide this for you. We will also provide you with a detailed explanation of how this commission is calculated.

Futuro may retain a portion of the commission paid by the lender you choose and Connective. This payment is paid to Futuro in exchange for the right to operate under Futuro's Credit Licence, and for providing other assistance with business. If you would like an estimate of what your credit

representative will be paid, and how it is calculated, please don't hesitate to ask and we will provide you with that information.

For loan products, our commission generally ranges between 0.50% and 1.80% of the initial loan balance and 0% to 0.55% of the outstanding loan balance each year. For example, if your loan balance was \$100,000 we would receive between \$500 and \$1,800 initially and between \$0 and \$550 pa ongoing. Please note these commission ranges incorporate all potential commission bonuses (which we may or may not receive) and that lenders can change these commission rates at any time.

For consumer leases, we will charge a brokerage fee between 0% and 4.0% of the lease amount sought. For example, if you are seeking \$10,000 credit, the cost to you will be between \$0 and \$400.

In many cases, we gain access to the loan products we recommend to you through the services of Connective. In order to gain access to their panel lenders, Connective charges us a fee. This fee may be made up of several different components, including:

- A share of the commission that is paid by a lender as set out above
- A membership fee for our business
- A monthly fee for each of our accredited loan writers

If you would like us to provide an estimate of the share of the lender commission that may be retained by Connective, and how it is worked out, we will be pleased to provide this to you.

All fees and commissions will be paid directly to us and distributed to your credit representative less any licensee fees.

Relationships and associations

As Futuro and its accredited credit representatives are part of the network of mortgage brokers that use Connective aggregation services, we are entitled to participate in bonus arrangements between Connective and individual lenders.

Any payments by lenders to Connective are based on the volume of all new or increased loans put through Connective, including that of Futuro, and/or the quality of these submissions e.g. application to settlement conversion rate. Connective then pays us our proportion of this bonus payment, according to the amount of business we submitted through Connective during the period. These bonuses are a percentage of the loan balance and are separately negotiated between each lender and Connective. Please note that lenders can change the percentage at any time and not all lenders pay volume or quality bonuses. The commission bonuses are included in the commission ranges shown in Advice Fees.

In addition, some lenders may offer commission bonuses and other incentives e.g. offshore conferences, which are based on the volume of loans settled, value of individual loans and quality of submissions lodged by the individual adviser with that particular lender. Such benefits vary from lender to lender. Connective then pays commission bonuses to us. As a general guide, these bonuses range between 0.45% and 1.1% of the loan balance initially and 0.5% each year, however, lenders can change these at any time.

Other incentives are paid directly to the adviser by the lender. These may include indirect benefits for example business lunches, tickets to sporting or cultural events, corporate promotional merchandise and other minor benefits or direct benefits for example an overseas holiday based on the volume of business lodged with the lender over a specified period. Any benefits that we may receive that are related to a loan recommended to you which is regulated by the National Consumer Credit Protection Act, will be disclosed in our advice to you prior to application.

Other benefits we may receive

- **Volume based bonuses:** From time to time we may receive additional benefits from lenders, depending on the number and amount of business we secure with a particular lender and/or the quality of submissions. If you would like an estimate of what your adviser will be paid, and how it is calculated, please don't hesitate to ask and we will provide you with that information.
- **Product Competitions:** We may participate in short term incentive programmes such as a lender paying additional commissions during a specified period. Due to the temporary nature of these arrangements they have not been included in this document. Details of any short term incentives will be outlined in the Credit Proposal Disclosure Document
- **Non-monetary:** We may receive indirect benefits from lenders for the services we provide you in relation to their products. This may include product and service discounts provided to our advisers as a result of our relationship with these providers. Any other benefits we receive that may reasonably be considered to influence our advice and services to you will be disclosed in our written advice.
- **Payments to and from other professionals**

In some cases, your business may have been referred to us by non-regulated third parties such as real estate agents, accountants, mortgage brokers etc. Where this is the case:

- We may pay a referral fee when clients are referred to us from other professionals. This will be disclosed in your credit documents if applicable.
- We may receive a referral fee from other professionals when we refer you to their services. This will be disclosed in your credit documents if applicable.

Alternatively, you can ask us about the fees and we will tell you how much was paid and how it was calculated.
